There is an Increasing Demand for Burpee's Seeds

Greater interest in gardening plus the necessity of helping to produce our own food supplies during our national emergency will cause a greater demand than ever for Burpee's Seeds.

Retail, Market Gardener, and Florist customers will soon be demanding their seed supplies and you can confidently supply your most critical trade with Burpee's Seeds. Be sure to order early.

"The Best Seeds That Grow" has been the slogan of our national advertising for many years. Why not increase your yearly profits by handling Burpee's Seed and taking advantage of this popularity?

This season we will supply you with additional display material which we know will help you increase your seed sales.

Burpee's Seeds in Colored Packets

These colored packets can be attractively displayed in our new pressboard display rack, pictured above. This rack measures 20" high, 27 $\frac{3}{4}$ " wide, and 12 $\frac{3}{4}$ " deep. It is attractively printed in green, red, and gold. We will send it to you free with your original order for 500 packets. You remit only for the packets sold and return to us the unsold packets on or before August 1, 1942. For a complete list of Burpee's Flowers and Vegetables available in colored retail packets for resale, see pages 4 and 5.

Due to bad weather conditions, seed crops were very short

last fall. On top of this there has been a tremendous demand for vegetable seeds. Therefore, we suggest that you place your order at once. The prices quoted in this catalog are subject to change without notice but we will do our best to take care of your requirements.

This Book, Known as Burpee's Red List

is for the exclusive use of Seedsmen and Dealers who sell seeds and are therefore entitled to these Special Wholesale Prices. As a seedsman or dealer, you know the importance of good seeds; you cannot take chances on the quality of the seed from which you expect to make your profits. Sell Burpee's Tested Seeds—the Best Seeds That Grow.

Quick Service

The Burpee Buildings are especially equipped to properly and quickly fill your orders, most of which are shipped the same day they are received. If you have not depended upon Burpee for your annual supply of seeds, do so this year; a trial order will be appreciated. It is our purpose to give you Quick Service and the Best Seeds at the lowest possible cost so that you will be sure to make money handling Burpee's seeds.

Prices Subject to Change Without Notice

All prices in this wholesale catalog are subject to change without notice and all goods are offered f.o.b. Philadelphia, Pa., and subject to prior sale. We advise that you order your requirements early. You cannot sell seeds if you do not have them on hand when your customer wants them.

Special Advertising Offer

In our retail advertisements, we are making a Special Offer of 4 Pkts. of Giant Dahlia-Flowered Zinnias—4 Best Colors—1 each of Scarlet, Yellow, Lavender and Rose, all 4 pkts. for only 10¢. Many dealers have found this Special Collection a good business-getter. We would be glad to furnish you with such collections (in Kraft Bags) at the same discount as allowed dealers on our other Flower Seed Collections. (See page 3.)

If goods are wanted by Parcel Post, include sufficient to cover postage on cash orders. On charge orders, postage will be invoiced. We make no charges for packing or cartage, but Bags and Cases will be charged at current cost and are not returnable. If in doubt as to the best and most economical method of shipment, we suggest that you leave this to our judgment.

Marine and/or War Risk insurance will be effected on foreign shipments only when so directed.

Extra Service and Sales Helps for Burpee's Red List Customers

The prices quoted in this "Red List" wholesale catalog are low when you consider the High Quality of the seed offered and the following extra service and sales helps we furnish free of charge to all Red List dealer and seedsmen customers:

Illustrated catalogs of 160 pages.

Counter cards and posters illustrated in color.

Handsome seed racks made of green pressboard free of charge. If you prefer, we can furnish metal seed racks at \$4.00 each. The amount paid us for these metal racks will be refunded when returned to us in good condition.

And remember that seedsmen and dealers who sell seeds under the name Burpee get the benefit of all the national and local advertising we have done for more than half a century and which we are doing this year on a large scale. This extensive advertising in many of the country's leading magazines costs us a lot of money and will stimulate your sales of Burpee's Seeds.

No extra charge is made to any of our dealers for advertising or for many other sales helps. This is all included in the moderate prices listed in this catalog.

ORDER YOUR SUPPLY OF SEEDS EARLY

It is more important this year than ever before that you cover your requirements as early as possible. Seed crops, due to bad weather conditions last season, were very short; then, too, there has been an unusually heavy demand for vegetable seeds. We strongly urge you to place your order at once.

Burpee's Early Flowering Sweet Peas

Varieties are arranged in each color class from deep to light shades

Burpee's Early Flowering Sweet Peas come into bloom 3 to 4 weeks earlier than the Summer Flowering varieties offered on pages 32 to 36. They are especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North, and also valuable for winter flowering under glass. They are being planted more and more every year.

If you live where the late Sweet Peas have not done well, have your customers try the Early Flowering. They will bloom before the summer heat arrives. Sweet Peas do best in cool weather. If seed was not sown in the fall, it should be sown as early in the spring as the ground can be prepared in an open, sunny location, and deep rich soil which must be well drained.

Burpee's Sweet Peas are famous the world over as the "Best That Grow." The flowers are extra large, of perfect form and texture, well placed on long, strong stems, and usually produced in sprays of four.

Spring Flowering Sweet Peas

Come into bloom outdoors between the Early and Giant Spencer classes. Plants are quite vigorous and what the flowers lack in size is made up by the heavy crop of blooms produced. Vines seem more heat resistant than other Sweet Peas. Under glass they are unusually free flowering and prolong the spring cutting season.

We offer three colors, each of which received an award in the All-America Selections for 1940:

3470 Blue Clear marine blue; free bloomer.

3479 Lavender Lovely soft shade of lavender.

3447 Rose Pink Beautiful rose-pink on white.

Any of these 3 separate colors:

This gives a double appearance to the large, waved and ruffled flowers which makes them so distinct. They are greatly admired wherever seen and have won the highest honors in the keenest competition.

Burpee's Famous Seed Farms and Experimental Grounds

Fordhook Farms

FORDHOOK FARMS, located at Doylestown, near Philadelphia, are the proving grounds for all seeds, bulbs and roots that we sell, as well as the breeding grounds for many varieties of vegetables and flowers.

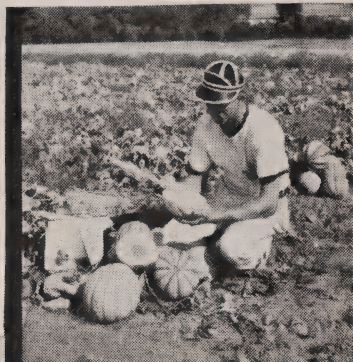

Fordhook is the most famous seed experimental farm in America. Every variety of seed that we sell is tested for purity and vitality. In addition, we try out hundreds of varieties from foreign countries, making careful comparisons, and by hybridization and selection we are constantly improving the Quality of existing varieties and creating new ones.

When we introduce a variety under the name of Fordhook, or as a special strain, we stake our reputation that it is all the name implies—"Burpee's Best."

Floradale Farms

FLORADALE FARMS comprise hundreds of acres in the fertile Lompoc Valley, California, fifty miles north of Santa Barbara. These Farms were established principally for the growing of Sweet Peas for seed, but other flowers have done so well that we now grow a long list of varieties as well as many acres of vegetables.

Seeds grown here have exceptional vigor, high vitality, and hardiness which assure sturdy growth and successful blooming wherever grown. Here, too, a large acreage is devoted to trial, experimental and breeding grounds; all this is done so that only the Best varieties and the Best Seeds that Grow can be offered to Burpee customers wherever they may be.

A corner of the muskmelon trials. As with all our other vegetables, careful noting of every characteristic is made by Burpee experts.

A partial view of the flower trials on Fordhook Farms. The same care in making notes on flowers as on vegetables is practiced, which insures you of getting seeds that will produce best results.

In the cool, long-growing climate of the Lompoc Valley, Cauliflower grows to perfection and produces seeds the equal of that grown anywhere in the world. Above is a field of Burpeeana Cauliflower on Floradale Farms.

Visitors to Floradale Farms last summer were astounded at the immense size of Burpee's Super Giant Zinnias, their lovely forms and marvelous range of unusual colors.
